Re: Request to host Nurture Foundation Rwanda (NuF)

Greetings from Nurture Foundation Rwanda, this letter seeks to introduce to you a likeminded organization that is focused on environmental conservation initiatives driven by women and youth the Nurture Foundation (NuF) Rwanda. NuF empowers youth with skills for recreational activities and offers support to vulnerable community members. Our initiatives are community-driven and directly benefit economically disadvantaged individuals. NuF works collectively with other organizations such as yours that empowers the Youth to advance the priority needs of the vulnerable in communities.

Regarding this, we don't have a space where we can operate from at present, we thus have a need of a space to host us for three months. Sir, we request if at your disposal provide us with this space at your discretion. This would handhold us as we are taking off our initiatives in the pipeline.

Additionally, if this is acceptable to your organization, we request that, we sign a mutual development MoU that would cement our work relations regarding mutual initiatives we see fit for both of our organizations. We look forward to your support and collaboration regarding these requests and looking forward to hearing from you.

Sincerely,

Jennifer Mujuni

Executive Director
